

FbF[®] MemberSAFE

Part of the FbF[®] Demographica Identity Suite

Keep Constituents Safe and Records Clean

When knowing and being able to confirm the exact identity of members, clients, associates, beneficiaries, or employees is mission-critical, MemberSAFE will help you avoid the cost and risk of serving unauthorized people. FbF MemberSAFE helps you manage the information and identities critical to your organization's relationship to the people it serves, employs, or sells to.

MemberSAFE will identify:

- Employees/ Contractors
- Customers
- Club and gym members
- Visitors
- Homeless people
- Inmates
- Government benefit recipients
- Patients
- Many more applications

Benefits

- Improve organizational productivity
- Eliminate sign-in/sign-out sheets
- Guarantee the identity of your organization's guests, members, or beneficiaries
- Know who is on campus at all times at a glance
- Improve internal communication and customer service
- Eliminate duplicate records
- Meet compliance and regulatory requirements
- Save time and money

Features

- Identify constituents with finger biometrics, facial biometrics, and/or a unique PIN
- Data import and exporting capabilities
- Customizable information fields
- Popup notes for special instructions, warnings or messages
- Emails and text messages upon donor check-in
- Track time and attendance

The FbF[®] Demographica Identity Suite is a collection of basic identity management applications that allow organizations to verify the identities of its constituents (clients, employees, visitors, donors, etc.)

Easily configured and operated, Demographica uses biometric technology to quickly and accurately match the people enrolled in your database(s) as they access your facilities or services, making your business S.A.F.E. (Secure Accurate Fast Economical).
